About Garage Sale Trail

Garage Sale Trail is an initiative run by Garage Sale Trail Foundation in partnership with over 150 local councils nationally. It's the biggest reuse and community event in Australia involving over 15,000 garage sales and stalls nationally, 2 million items listed for sale and over 350,000 sellers and shoppers across the nation.

The Garage Sale Trail idea is simple. By organizing communities around Australia to hold garage sales on one big day, Garage Sale Trail aims to provide a platform for fundraising, promote reuse, enable local community connections and inspire fun in communities across the nation.
