	<p style="text-align: center;"><b><i>Land Division Open Space Policy</i></b>  <i>Policy No. ENVPOL 16</i></p>	<b>Version No:</b>	1
		<b>Responsible Officer/s:</b>	Director of Environmental Services
		<b>Classification:</b>	Council
		<b>Issued:</b>	20 July 2009
		<b>Next Review:</b>	<b>August 2024</b>

## 1. Purpose

- 1.1. The purpose of this policy is to set out the principles and requirements related to the provision of, development and management of open space associated with Development Applications for land divisions. This Policy sets out various scenarios for land division Development Applications with respect to open space requirements, and how the Council will treat them.

## 2. Scope

- 2.1. Open space plays a vital role in the District Council of Grant and its communities. Open space benefits individuals, groups, and the environment by providing opportunities for the following outcomes:
- leisure and recreation opportunities;
  - protecting and preserving biologically diverse habitats, fauna, and places of geological significance or sensitivity;
  - filtering stormwater and reducing run-off;
  - reducing urban heat impacts and greenhouse gases (via carbon sequestration association with vegetated open space);
  - creating an aesthetically pleasant environment; and
  - attracting new residents, businesses and tourists.
- 2.2. Council has a considerable amount of open space land under its ownership, care, control and management. Much of this land is dedicated as Community Land, over which there are Community Land Management Plans. Council also maintains a Community Land Management Plan Register which is available to the public.
- 2.3. Council is mindful of its responsibilities under Section 198 – Open Space Contribution Scheme of the *Planning, Development and Infrastructure Act 2016* with respect to open space requirements, particularly in relation to the open space contribution scheme.
- 2.4. Council shall ensure that appropriate open space is provided for when assessing Development Applications for land divisions.

## 3. Policy

- 3.1. In accordance with Section 198 – Open Space Contribution Scheme of the *Planning, Development and Infrastructure Act 2016* where Council has received open space contributions, the money shall be paid into Council's Open Space Contributions Fund and be applied by the Council for the purpose of acquiring and/or developing land as open space.
- 3.2. The financial contributions received by Council shall as far as is practicable be used by Council within reasonable proximity to the respective land division(s) to which the monies collected relate, subject to the Council's discretion, to ensure that the money is used in the best interests of the Council area and its community.

	<b><i>Land Division Open Space Policy</i></b> <b><i>Policy No. ENVPOL 16</i></b>	<b>Version No:</b>	1
		<b>Responsible Officer/s:</b>	Director of Environmental Services
		<b>Classification:</b>	Council
		<b>Issued:</b>	20 July 2009
		<b>Next Review:</b>	<b>August 2024</b>

- 3.3.** As a guide, the Council's Open Space Contribution Fund may be used by Council for such purposes as the acquisition of land for open space, for sporting and recreational pursuits, for the provision of new playground equipment, for the upgrading and/or replacement of existing playground equipment, and for other activities and purposes related to open space as identified by Council, and/or by sporting groups and the community, with Council approval.
- 3.4.** Developers are required to provide open space when undertaking land divisions that create more than twenty (20) allotments, where one or more of the allotments is one hectare or less in area.
- 3.5.** In accordance with Section 198 of the *Planning, Development and Infrastructure Act 2016* where a Development Application is proposing a land division creating more than twenty (20) allotments, and one or more of the allotments is less than one hectare in area, then Council will require that up to 12.5 per cent in area of the relevant area be vested in Council to be held as open space, or that the Applicant make the required financial contribution into Council's Open Space Contributions Fund, or a combination of both, that land be vested in the Council together with an appropriate financial contribution.
- 3.6.** Developers can nominate to address open space in their land division Development Applications, with it then being up to Council to accept or otherwise.
- 3.7.** When addressing open space requirements, the following types of space will not qualify as open space:
- boundary strips or buffer zones (unless large in area);
  - drainage areas for stormwater drainage that are less than 3,000m<sup>2</sup>; and
  - road reserves.
- 3.8.** Developers are reminded that in addition to open space requirements, a land division Development Application may also require the provision of land to address stormwater management objectives for a particular land division.
- 3.9.** If the Council is the relevant authority for a land division Development Application for more than 20 allotments (where one or more of those allotments is less than 1 hectare in area), the Council will impose a land division condition to either:
- require up to 12.5% of the land being divided to be vested in the Council as open space; or
  - require a once-only monetary contribution for each new allotment of less than 1 hectare in area; or
  - require a combination of part land and part money to develop land as open space in accordance with the prescribed formula, as contained in the *Planning, Development and Infrastructure Act 2016*.
- 3.10.** Open space requirements may be staged in accordance with a staged land Division.
